

STRENGTHENING FAMILIES LOCALLY

Stevens County Planning Team Goals, October 2020

Services:

- Strengthen capacity and scope of services in the community
- To ensure that families have access to resources and opportunities, to achieve the other stated goals of the Strengthening Families Locally project
- Development of a "no wrong door" point of entry for families into the delivery system
- Increase literacy of community members

Systems:

- To deepen partnerships with our community stakeholders – to be more collaborative with the other organizations who can provide resources and help families
- To be a resource to the other agencies at the table – to provide connected resources along the continuum of care
- To develop a “strategic prevention plan” that will help with funding strategies and collaboration in the future

Knowledge:

- To get schools and parents involved in raising awareness about child protection and abuse prevention
- Establish a regular marketing campaign to community members
- Training for providers
