## Introduction

Annually, the Department of Children, Youth, and Families (DCYF) prepares the Early Childhood Education and Assistance Program (ECEAP) and Head Start Saturation Study to analyze access to Washington’s ECEAP and Head Start programs serving 3- and 4-year-olds. This study estimates the number of eligible children living within each school district boundary and calculates the percentage currently served. It assigns points for each district based on numbers and percentages of unserved children and child maltreatment rates. These data are used to sort districts into groups by priority for ECEAP slot expansion.

This Saturation Study is part of the information DCYF uses to determine appropriate locations for ECEAP slots. Current or potential ECEAP Contractors may also use this study to inform decisions to apply for ECEAP slots or move existing ECEAP slots to communities with high needs. When deciding the location of new slots, DCYF considers these data along with the availability of facilities, availability of qualified staff and readiness of early learning providers to offer high-quality ECEAP comprehensive education, family support, health and nutrition services.

In December 2019, the methodology for this report is updated to address the slot estimations required by the following provision of the state Operating Budget, passed by the 2019 Legislature as ESHB 1109:

Sec. 225. (3) (a) (ii) The department of children, youth, and families must develop a methodology to identify, at the school district level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district and the corresponding facility needs required to meet the entitlement in accordance with RCW 43.216.556. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030

DCYF recognizes the limits of the Saturation Study. This study does not account for children in low-income families who are served by early learning programs other than ECEAP, Head Start, or City of Seattle preschool programs. It uses the best available estimates of the population of low-income 3- and 4-year-olds, however, these data are imperfect and may be less accurate for smaller school districts. Finally, we know some children cross school district boundaries for ECEAP or Head Start services, causing one district to appear overserved and another underserved. Therefore, the best use of this study is high-level comparisons of the need for ECEAP expansion between districts. Community-level information is needed for more accurate local planning.

DCYF does not expect 100 percent of families of the estimated eligible children described in this study would choose to enroll in ECEAP or Head Start. The Caseload Forecast Council currently assumes 51 percent of estimated eligible 3-year-olds and 82.5 percent of estimated eligible 4-year-olds would participate. Since this percentage appears to vary by community, DCYF reports the full estimates of eligible children below.

The next update of this study is planned for December 2020. For additional information, see the [2019-20 DCYF ECEAP Caseload Forecast Report](#). Please email questions to [eceap@dcyf.wa.gov](mailto:eceap@dcyf.wa.gov).

## Methodology

The ECEAP and Head Start Saturation Study results in assigning up to six points per school district based on numbers of unserved eligible children and local child maltreatment rates and placing districts within priority groups based on these points. Please note that ECEAP and Head Start providers within the school district boundaries may be child care centers, family child care homes, non-profit organizations, local governments, colleges, tribes or tribal organizations, educational service districts or school districts. In this study, “school district” means a geographic boundary rather than the district as an entity.

## Unserved, Eligible Children

To determine the number of unserved, eligible children:

1. DCYF verified 22,970 currently funded slots for 3- and 4-year-old children for ECEAP, Region X Head Start and American Indian/Alaska Native Head Start and determined the locations of these slots by preschool site.
  - Children were considered 3 or 4 years old based on their age on August 31 at the beginning of the school year and therefore age-eligible for kindergarten in Washington in one or two years.
  - Slot counts were obtained from DCYF’s Early Learning Management System (ELMS) for both ECEAP and Head Start, then confirmed with each ECEAP contractor or Head Start grantee.
  - Migrant Head Start slots were not included since this program operates primarily during summer months and serves some duplicate children.
  - Slots for children in Early Head Start, child care and school district early learning special education programs and not in ECEAP or Head Start were not included.
  - Per the request of the City of Seattle, DCYF added 443 children enrolled by city-operated preschools who are at or below 110 percent of the federal poverty level (FPL) to the Seattle Public Schools slot counts to obtain a more accurate calculation of unserved children in Seattle.
  
2. DCYF estimated the number of eligible children residing within each school district’s boundaries.
  - Beginning with the Small Area Demographic Estimates (SADE) total population of children ages 0 to 4 residing within school district boundaries, DCYF applied multipliers to obtain the numbers of 3- and 4-year-olds at or below 110 percent of FPL. Then DCYF used the ECEAP Caseload Forecast methodology to adjust each school district for children with Individualized Education Programs (IEPs) and to add 10 percent for children above the income cutoff with specific risk factors.
  - As of December 2019, there are 42,797 3- and 4-year-old children across the state eligible for ECEAP in the 2019-20 school year, which is consistent in this Saturation Study and the ECEAP Caseload Forecast when adjusted with the November 2019 OFM population estimates.

3. DCYF determined the number of unserved, eligible children for each school district by subtracting the current number of Head Start and ECEAP slots from the estimated eligible children. The statewide total is 20,928.
4. DCYF determined the percentage of eligible children currently served by ECEAP and Head Start for each school district by dividing the current total of ECEAP and preschool-age Head Start slots within each district's boundaries by the number of estimated eligible children.
5. DCYF assigned up to five points to each school district based on the estimated number and percentage of unserved, eligible children living within their boundaries:
  - 1 point if 50 percent or less of eligible children are served
  - Up to 4 points for the number of unserved, eligible children
    - 1 point if 6-39 unserved children
    - 2 points if 40-99 unserved children
    - 3 points if 100-249 unserved children
    - 4 points if 250 or more unserved children

### Child Maltreatment Rate

To support the DCYF vision to ensure all Washington's children and youth grow up safe and healthy – thriving physically, emotionally and educationally, nurtured by family and community – the department is including a child welfare measure in this Saturation Study.

DCYF reviewed the annual rate of child abuse and neglect referrals that were accepted for further action within each school district boundary from 2010 through 2016. The 20 percent of districts with the highest rate of referrals were assigned one point toward ECEAP prioritization.

### Changes Since 2018 Saturation Study

The ECEAP and Head Start Saturation Study no longer attempts to rate school districts based on racial or income disparities. Previously, there were points awarded based on Washington Kindergarten Inventory of Developing Skills (WaKIDS) results for children who are low income or in the American Indian/Alaska Native, Black/African American, Hawaiian/Pacific Islander or Latinx subgroups. Based on changes in data availability, large amounts of data suppression for small districts and the variations in the use of the WaKIDS tool between districts, DCYF determined these points would not be awarded equitably and therefore is retiring this portion of the study.

## ECEAP Expansion Priority Groups

The lists below cluster school districts in six groups based on priority for new ECEAP slots within their boundaries. Within each group, districts are listed alphabetically.

Please note that DCYF seeks to support ECEAP classrooms within these priority school district **boundaries** whether the services are provided by the school district or another entity.

### ECEAP Expansion Priority Group 1

- Clover Park School District
- Spokane Public Schools

### ECEAP Expansion Priority Group 2

- Central Kitsap School District
- Edmonds School District
- Federal Way School District
- Kelso School District
- Kennewick School District
- Kent School District
- Moses Lake School District
- Mukilteo School District
- North Thurston Public Schools
- Olympia School District
- Othello School District
- Pasco School District
- Port Angeles School District
- Puyallup School District
- Renton School District
- Richland School District
- South Kitsap School District
- Sunnyside School District
- Tacoma Public Schools
- Yakima School District

### ECEAP Expansion Priority Group 3

- Auburn School District
- Battle Ground School District
- Bethel School District
- Bremerton School District
- Burlington-Edison School District
- Eastmont School District
- Everett School District
- Evergreen School District (Clark)
- Fife School District
- Grandview School District
- Issaquah School District
- Lake Washington School District
- Longview School District
- Mead School District
- Mount Baker School District
- Northshore School District
- Oak Harbor School District
- Ocosta School District
- Pullman School District
- Seattle Public Schools
- Shelton School District
- Tumwater School District

### ECEAP Expansion Priority Group 4

- Aberdeen School District
- Asotin-Anatone School District
- Bellevue School District
- Bellingham School District
- Blaine School District
- Central Valley School District
- Centralia School District
- Chewelah School District
- Crescent School District
- Enumclaw School District

- Franklin Pierce School District
- Goldendale School District
- Highland School District
- Highline School District
- Lake Chelan School District
- Lyle School District
- Monroe School District
- Morton School District
- Napavine School District
- North Mason School District
- Okanogan School District
- Omak School District
- Orting School District
- Pioneer School District
- Pomeroy School District
- Port Townsend School District
- Quillayute Valley School District
- Quincy School District
- Republic School District
- Sequim School District
- Skykomish School District
- Snohomish School District
- Snoqualmie Valley School District
- Stanwood-Camano School District
- Tahoma School District
- Toppenish School District
- University Place School District
- Washougal School District
- White Pass School District
- Wishram School District
- Zillah School District

### ECEAP Expansion Priority Group 5

- Adna School District
- Bainbridge Island School District
- Brinnon School District
- Cheney School District
- Clarkston School District
- Columbia (Stevens) School District
- Coulee-Hartline School District
- Davenport School District
- East Valley School District (Spokane)
- East Valley School District (Yakima)
- Easton School District
- Entiat School District
- Evaline School District
- Glenwood School District
- Grand Coulee Dam School District
- Grapeview School District
- Green Mountain School District
- Hockinson School District
- Kalama School District
- Kiona-Benton City School District
- La Center School District
- Lake Stevens School District
- Lynden School District
- Mary Walker School District
- Marysville School District
- McCleary School District
- Mercer Island School District
- Meridian School District
- Methow Valley School District
- Mossyrock School District
- Mount Adams School District
- Mount Vernon School District
- Nooksack Valley School District
- North Kitsap School District
- Oroville School District
- Peninsula School District
- Ridgefield School District
- Selkirk School District
- Skamania School District
- Soap Lake School District
- Southside School District
- St. John School District
- Sumner School District
- Tenino School District
- Toutle Lake School District
- Trout Lake School District
- Tukwila School District
- Wahluke School District
- Waitsburg School District
- Wenatchee School District
- Wilson Creek School District
- Wishkah Valley School District

**ECEAP Expansion Priority Group 6**

- Almira School District
- Anacortes School District
- Bickleton School District
- Bridgeport School District
- Carbonado School District
- Cascade School District
- Centerville School District
- Chehalis School District
- Chimaquam School District
- Colton School District
- Colville School District
- Concrete School District
- Conway School District
- Creston School District
- Cusick School District
- Darrington School District
- Dayton School District
- Dixie School District
- Endicott School District
- Ferndale School District
- Freeman School District
- Garfield School District
- Hood Canal School District
- Hoquiam School District
- Index School District
- Kittitas School District
- Klickitat School District
- La Conner School District
- LaCrosse School District
- Lakewood School District
- Liberty School District
- Mabton School District
- Mill A School District
- Mount Pleasant School District
- Newport School District
- North Beach School District
- North Franklin School District
- Northport School District
- Ocean Beach School District
- Odessa School District
- Onalaska School District
- Onion Creek School District
- Orchard Prairie School District
- Orient School District
- Palisades School District
- Pateros School District
- Paterson School District
- Prosser School District
- Queets-Clearwater School District
- Raymond School District
- Reardan-Edwall School District
- Riverview School District
- Rochester School District
- Royal School District
- Satsop School District
- Sedro-Woolley School District
- Shaw Island School District
- South Bend School District
- Sprague-Lamont School District
- Stevenson-Carson School District
- Tekoa School District
- Thorp School District
- Union Gap School District
- Warden School District
- Washtucna School District
- West Valley School District (Spokane)
- White River School District
- Wilbur School District
- Willapa Valley School District

**ECEAP Expansion Priority Group 7**

- Arlington School District
- Benge School District
- Boistfort School District
- Brewster School District
- Camas School District
- Cape Flattery School District
- Cashmere School District
- Castle Rock School District
- Cle Elum-Roslyn School District
- Colfax School District
- College Place School District
- Columbia (Walla Walla) School District
- Cosmopolis School District
- Coupeville School District
- Curlew School District
- Damman School District
