HV-BAT poll

- Where are you in HV-BAT completion?
 - Have not yet started
 - Have begun to collect data
 - Have made quite a bit of progress
 - Almost done
 - Have submitted already

HV-BAT communication from HRSA

- This morning, we received communication that our HV-BAT may be submitted this year in its current form *or* next year after HRSA revises the process based on feedback from Cohort 1
- We are considering moving forward with submission this fiscal year for the following reasons:
 - Availability of incentives this year (no guarantee next year)
 - Honor (and compensate) the efforts already committed to this project
 - Hope that the data will support the home visiting cost study underway this year

We want to do a quick pulse check on this (poll)
