DCYF ECEAP purchased the Teacher PD Membership in the Cloud bundle, to increase professional development online learning supports for teaching staff. This support includes introductory and foundational professional development for classroom teachers.

All staff assigned to an ECEAP classroom have access to the complete library of Creative Curriculum® and GOLD® courses available through Quorum® in MyTeachingStrategies® account. New staff will have access to courses in Quorum®, once assigned to an ECEAP classroom in ELMS.

The listed courses meet Creative Curriculum® and GOLD® training requirements in ECEAP Performance Standard PDTR-11. ECEAP staff can receive In-service (STARS) hours when all listed components are completed.

Please **do not** send completion certificates to MERIT or the ECEAP inbox. ECEAP teaching staff will be able to see their in-service (STARS) hours in their MERIT account upon confirmation of completion.

The DCYF Professional Development (PD) Learning Management System (LMS) can be accessed at [www.dcyftraining.com](http://www.dcyftraining.com) to complete requirements for In-Service (STARS) credit. Once you are logged into your account search for the appropriate course. You must select the ECEAP role on your DCYF training account to have access to the surveys.

\* Any in-progress IRR Certification for "Preschool, including dual language learners and children with disabilities" will remain available for completion through MyTeachingStrategies® in the Develop area through December 31, 2023. The updated Spanish version will be available in Spring 2024.
