OVERVIEW

Number of Funded Beds94
Average Length of stay189
Males Age 11-17
Females Age 12-25

Juvenile Rehabilitation (JR) serves Washington State's highest-risk youth. Youth may be committed to JR by any county juvenile court. The juvenile courts follow prescribed sentencing guidelines to determine which youth will be committed to JR.

PARTNERSHIPS

- 150+ community volunteers
- Issaquah School District
- University of Washington Psychiatry and Behavioral Science
- Seattle Children's Hospital
- Behavioral Tech Incorporated
- King County Sheriff
- Snoqualmie Police
- Snoqualmie Fire Department
- AA & NA programs
- Local churches
- Friends of Echo

Where is the facility and what is the campus like?

- Echo Glen opened in January 1967 as the first co-educational JR program in Washington State.
- Echo Glen is located on 65 acres of land in beautiful Snoqualmie, Washington. It is centrally located about 25 miles east of Seattle on the I-90 corridor, in the foothills of the Cascade Mountains.
- Echo Glen is a medium/maximum security capable facility.
- The small size (12-16 beds) of each unit is a design consistent with the developmental needs of the younger and mental health population for a more home-like living environment with low stimulation levels.
- Echo Glen provides for physical health with a full health center, dental clinic, resident recreation building with gym, commercial kitchen and commissary.
- Echo Glen offers expanded pre-vocational and vocational options to residents.
- The campus school is operated by Issaquah School District, with classrooms available on upper campus and five portable classrooms available for maximum-security and special-needs youth.

Washington State Department of
CHILDREN, YOUTH & FAMILIES

Who lives at Echo Glen?

- Echo Glen currently houses approximately 80 boys, ages 11-17, and 24 females, ages 12-25.
- Girls committed to JR begin their time at Echo Glen.
- 90% meet the definition of mental health target population, 95% have substance use disorder, and 68% meet criteria for PTSD..

Creating Successful Transitions into Adulthood

- Echo Glen supports successful transition into adulthood for youth and young adults by creating pathways for self-sufficiency through meaningful partnerships, employment, new opportunities and effective rehabilitation services.
- The residential treatment model focuses on engaging youth in a supportive, therapeutic relationship and motivating them to replace problem behaviors with pro-social behaviors to meet their needs and pursue their goals.
- Successful reentry after incarceration is based on a strong continuum of care, including evidence-based treatment services; efficient case management; comprehensive education, vocation and employment programs; family inclusion; community-based connections and youth voice.

Programs Provided

The program foundation is **Dialectical Behavioral Therapy (DBT)**. Echo Glen's continuum of care includes:

- Acute mental health units for both male and female population.
- Outpatient treatment delivered using DBT-SUD (Substance Use Disorder), and educational substance abuse services.
- Gender-responsive program.
- Specialized treatment, including Aggression Replacement Therapy (ART) and treatment for Youth who Sexually Offend (YSO).
- Psychiatric services by the University of Washington.
- Basic and special education (K-12 diploma and GED).
- Vocational campus work programs.
- Therapeutic recreational services.
- Transition and reentry programs.
- Cultural programs.
- "MyJOB" vocational readiness and work-based learning.
- Basic health care on site (medical/dental).
- Canine Connections dog training program.
- Services for Department of Corrections (DOC) female youth under DOC interagency agreement.
- Family access and involvement.
- Spiritual growth (chaplaincy program).
- Youth voice and statewide partnership council work.
